NUMBER 59.

DRANK CARBOLIC ACID.

Mrs. D. W. Botts, Formerly of This City Attempts Suicide.

Mrs. Daniel W. Botts, who was formerly Miss Daisy Boone, of this city, made a sensational attempt at self destruction at the C. & O. depot at Mt. Sterling, yesterday afternoon, by drinking carbolic acid.

She and her husband, who lives in Mt. Sterling, had separated several months ago, and it is said Mrs. Botts had gone to that city to effect a reconciliation and failing in her attempt drank the deadly acid after going to the depot to return to her home at Lexington.

Mrs. Botts was raised in Paris and was an attractive and handsome young woman of about thirty years. The physicians think probably she will recover, but her pretty face is horribly burned by the acid. Her mother, Mrs. W. H. Boone, now of Lexington, is at her bedside, and much sympathy is felt for her here in her old home.

Bourbon Official Honored.

Charles E. Butler returned from Grayson Springs, where he attended the Kentucky Circuit Clerk's Association. The meeting was very enthusiastic and a State organization was perfected. The delegation of clerks that left Lexington with Mr. Butler were all honored at the convention. Mr. Butler was elected one of the seven members of the executive committee as was Mr. Marshall, of Frankfort, and Mr. Allen, of Harrodsburg. W. T. Fox, of Winchester, another one of the party, was elected Vice-President of the Fifth Appellate District. Miss Ollie Robertson, the accomplished Deputy under her father at Carlisle, was unanimously elected Vice-President of the Sixth Appellate District.

Decides Against National Banks.

Appellate Judge Paynter has dissolved the injunction obtained by the American German National Bank, of Paducah, and others, restraining Auditor Hager from including his tax assessment list certain funds invested in United States securities. The court holds that if the contention of the plaintiffs was upheld, national banks would be practically exempt from State, county or municipal taxes. The decision of Judge Paynter is of far-reaching importance, though the amount immediately involved only approximates \$100,000.

Lucien Young Escapes Death.

Lucien Young, commander of the United States gunboat Bennington, wrecked at San Diego Harbor Friday morning is a former Kentuckian. He has a brother, Dr. F. O. Young, residing at Lexington and the late Col. Dick Young, of near this city, was also a brother.

Only a few minutes previous to the accident he had been rowed ashore to keep a business appointment. As soon as the appalling catastrophe was over Commander Young telegraphed his brother at Lexington as follows:

"San Diego, Cal.—Boat blown up, but I am safe.

"LUCIEN YOUNG."

This disaster calls to mind the last time Commander Young narrowly missed death off the coast of North Carolina, when he volunteered to leave the rapidly sinking cruiser Huron with a life line to find shore.

After swimming about for hours his efforts were rewarded and many lives were saved.

For this act of bravery Congress voted Commander Young a gold medal and \$1,500 "with which to replenish his wardrobe."

The Kentucky Legislature also presented him with a gold sword and an honorary membership in its body.

When the accident occurred Young was on his way to Panama on Government business. He had previously made the trip and only eight months ago was transferred to the Bennington for a return voyage.

MARRIAGES.

In the Court room, Saturday, Mr. Claude Lucky and Miss Mollie Hubbard, both of Millersburg, were united in marriage by Squire A. C. Ball, of the Millersburg precinct.

In Georgetown, on July 16th, Luther C. James and Miss Bessie Keefe were united in marriage by the Rev. J. K. Nunnally.

The engagement of Miss Corinne Blackburn, daughter of Senator Blackburn, to W. H. Gale, of New York, is announced. The marriage will take place early in the fall.

The engagement of Miss Ora Slaughter, of Eminence, Ky., to Mr. Leon Frankel, of Louisville, was announced at an engagement dinner given Sunday at Miss Slaughter's home, when friends from Louisville, Lexington and Paris were present. Miss Slaughter will be remembered as one of the graduates of the high school several years ago. She visited during her school days at the home of her aunt, Mrs. A. J. Winters.

Mr. Frankel will be remembered as professor of mechanical and civil engineering at State College, Lexington, for several years, but who resigned to accept a more lucrative position with the B. F. Sturtevant Co., of Chicago, as their consulting agent at the Louisville office.

Paris, Ky., Tuesday, July 25, 1905.

REPUBLICAN leaders throughout the State are especially
active in perfecting the organization of the G. O. P. A deter-
mined effort will be made in all the counties to elect as many
county officers as possible in the hope of controlling the county
election boards. In nearly all the bluegrass counties conven-
tions have been called to select full county tickets. At Louis-
ville, in order, as they believe, to get control of the county and
municipal offices, a fusion with the independent and disgruntled
elements of the Democratic party has been effected. Will they
overlook Bourbon in the desperateness of their desire to gain
control of the State upon which they have cast so much odium
and disgrace?

The Democratic ticket in this county is one of the strongest
ever presented to the consideration of the people of old Bourbon,
headed by that peerless Democrat and able young lawyer, Denis
Dundon, for County Judge, and with running mates for the other
offices of men of unquestioned honor, honesty and ability from
Sheriff down to Constable. The Democrats of Bourbon can enter
the Campaign this fall with every confidence in the success of
the principles for which they stand. Happily, the Republican
organization of Bourbon is divided against itself. Torn by the
strife arising from the scramble for Federal pie, they present two
different factions, each a bitter antagonist of the other. Har-
mony and united effort is impossible within their ranks as mat-
ters now stand.

It will not do, however, for Bourbon Democrats to feel that
they have a walk-over. It is reasonably certain that the county
will, according to its time-honored policy, elect the full Demo-
cratic ticket, but the News desires to impress upon every Demo-
crat the necessity of a perfect organization by precincts to the
end that every voter may be urged to go to the polls and do his
full duty, and with such an organization Bourbon will be found
safely Democratic by several hundred majority.

Close by and through part of our city flows beautiful Stoner
Creek, sometimes raging and dangerous from rising waters, but
usually calm and peaceful. It affords the city an abundant sup-
ply of water for all purposes, and has within its bosom an in-
exhaustible and undeveloped water power for manufacturing
purposes. It is, however, as a pleasure and fishing resort that
this winding stream becomes so attractive. Scarcely a day
passes without its usual quota of boating parties, men, ladies
and children, some of whom reside within the confines of our own
city, but many are from Lexington and adjoining towns. They
come, some to enjoy a day fishing along its banks under the
spreading branches of huge oak and sycamore trees; others mere-
ly for the enjoyment derived from a boat ride up the winding
stream.

As soon, however, as the boating parties pass under the rail-
road bridge, and especially on Sunday when most of our visitors
are along, they are horrified to see for many hundred yards
along the banks, scores of small boys in bathing, who make the
trip for the boating parties anything but an agreeable one. They
swim out to the boats, attempt to throw the occupants out, splat-
ter them with mud and water and with their vulgar language
and hideous yells make their presence very objectionable. Ladies
are shocked by their many immodest pranks and sayings and the
pleasure of a delightful ride up this beautiful stream seems to be
at an end. In addition to what we have enumerated, the boys,
many of whom are nearly grown, indulge in shooting craps.
Only a few days ago a gang of boys killed a number of spring
chickens belonging to Mr. Douglas Thomas, cooked them over
an improvised stove and enjoyed a delicious chicken fry. Is
there no law to punish, no watchful officer to arrest this dis-
reputable gang and render our beautiful Stoner Creek a delight-
ful pleasure resort?

THE action of the City Council in suspending Officer Toolin
for thirty days is in the direction of a more efficient police force.
It was the first offense of Mr. Toolin, as brought to the attention
of the Police Committee, he had been on the force for a number
of years, had until recently made a good officer and the direlec-
tion of duty followed by the prompt reprimand, will have a good
effect upon the force in the future.

Have You Been Whitewashed?

"In times of peace," declared the orator, "the sword makes an excellent pruning knife."
"And the big stick," murmured the reflective citizen, "seems to make a first-class handle for a whitewash brush."

Not Experience.

A judge in a southern town of Kentucky, hearing a case where a colored woman had been arrested for beating her child cruelly, and who, after hearing all the facts of the case was about to pass sentence, remarked:

"I don't see how you could have the heart to beat your own child that way."

After a pause the woman answered. "Look here, Master Judge, is you ever been the mother of a black rascal like that?"

"Why, no," answered the Judge.
"Well, then, how do you know how to treat one?"

Two Freighters Have Head-on Collision.

On Saturday morning, about 7 o'clock, it was demonstrated that two trains can't pass on the same track by a head-on collision near Escondido, about eight miles south of this city, on the Main line of the L. and N. The collision resulted in large loss of money to the company, but luckily no one was seriously hurt, although Fireman Smith and Brake-man Perkins were severely bruised up. The wreck occurred on a straight stretch of track, which enabled the crews of both trains to see the inevitable and jump. Both engines were derailed, one rolling down a ten-foot embankment, lying upside down. Three cars of coal, two of lumber were demolished, the broken, twisted cars and contents being piled in a heap.

The wrecking crew of this city was soon on the ground and in three hours had a track built around the wreck. Misjudging the time by one of the engineers was the cause of the wreck.

CALL on Roberts & Anderson for a pair of those handsome J. & M. Oxfords. You can get them at cost.

New System of "Graft" Unearthed In Kentucky.

A special from Lexington in Sunday's Enquirer tells of a new system of "graft" just been unearthed in Kentucky involving some prominent names which we give in full, viz:

"A sensation in connection with an alleged system of 'graft' employed by certain revenue agents for the State at large is on the eve of exposure here by State Inspector Henry B. Hines, and it is said the dragnet will catch one of the best-known residents of Lexington, who, it is alleged, obtained a large sum of money by fraudulent means. The investigation which, it is said, will result in a warrant being issued next Tuesday, was started by Sheriff Woodson McCord, of Clark County, who discovered the illegal transaction in connection with a suit for back taxes, which was filed against the Ford Lumber Company, of Ford, Ky.

"The discovery was made, when Robt. Thomas, the manager, tendered to Sheriff McCord \$360, the amount of a judgment against the company, with a penalty of 20 per cent. added. Sheriff McCord refused to accept the amount on the ground that it was entirely too small for the amount of taxable property owned by the company, as recorded in the books of his office. Upon his refusal to accept the amount, McCord was informed by Manager Thomas that he had paid \$1,000 on the side to a revenue agent to have the small judgment rendered, and he felt that the judgment coupled, with the extra amount, was sufficient to cover any amount he might owe for taxes. This also seemed reasonable to Sheriff McCord, but as none of the \$1,000 had been turned in to satisfy the taxes he at once consulted State Inspector Hines, with the result that an investigation was set on foot. Inspector Hines went to Winchester and took the testimony of Manager Thomas and Sheriff McCord, and announced that he will have warrants issued for the party guilty of securing the money by such illegal and irregular methods.

"It is claimed by people here that the system employed by some of the State revenue agents to secure money and stop prosecution of the suits for back taxes has netted them thousands of dollars during the last few months, but now that the investigation has at last been started it is said one of the biggest 'graft' scandals ever heard of in the State of Kentucky will be exposed by the State Inspector."

State Revenue Agent A. M. Harrison, of Lexington, is the agent referred to and says he will show a clean bill at proper time. He is the agent who recently brought a number of suits here.

Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Rosche's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectoration in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

Sunflower Philosophy.

[Atchison (Kan.) Globe.]

All of us put our big apples on top of the basket.

The trouble with most of us is that we lob them over, and nobody cares to yell "rotten."

It is a woman's idea that a man should ask his mother's permission until the day he asks his wife's.

A man knows he can't put his hand into the ice water, but he will pour ice water into his stomach.

Look on the bright side: you will not get cross wondering where your wife put the bed covers before she went away.

If a man sits in the same room with a baby that is sound asleep in its crib he thinks he should have the credit for taking care of it.

The remains of John Paul Jones was transferred yesterday from Admiral Sigsbee's flagship, the Brooklyn, to a temporary resting place in a vault on the grounds of the Naval Academy at Annapolis. The remains were taken to the shore on the naval tug Standish, and were conveyed to the vault in a hearse. The only ceremony will be a brief Scriptural reading by the chaplain of the academy.

Preparations for the peace conference are progressing rapidly at Portsmouth, N. H., and by Aug. 5, the date on which the plenipotentiaries are expected to arrive, everything will be in readiness for their reception. The Washington Government and the State of New Hampshire are co-operating in making arrangements for the comfort of the conferees.

CURE FOR HAY FEVER.

Clarke & Co. Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable summer disease. Clarke & Co. wish us to announce that when Hyomei is used as a preventive, or a cure, there will be no hay fever. They advise daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by Clarke & Co. under a guarantee to refund the money if it does not give satisfaction.

RELIGIOUS.

—Elder McLachlin, pastor of the Christian Church at Shelbyville, preached at the union services at the Second Presbyterian Church, in this city, Sunday night. He is considered one of the brightest young ministers in Kentucky. His sermon on this occasion was eloquent and a masterly effort. The singing by the special choir was as fine as ever heard in our city.

—Mushrooms are a delicate edible. They have not been considered of much force or value other than to tickle the palates of epicures. But a new use for them has been found—raising a church debt of \$7,000. A big lift one would think, for a delicate vegetable like a mushroom—one that melts in the mouth at the touch of saliva. The Christian church of Columbus, Ind., will turn the basement into a dark place for raising mushrooms. The pastor claims by such means the mortgage on the church may be lifted.

—Rev. Dr. Varden returned from Michigan Friday and preached Sunday in Madison county for Rev. G. W. Shepherd, who is attending the Baptist World Congress in London.

—To-morrow evening, at the Methodist church, instead of the regular prayer meeting service, Miss Sue Ford, who has been a missionary in Cuba, will give an interesting talk.

Casualties of Bennington Explosion.

The casualties resulting from the boiler explosion on the gunboat Bennington may number as many as 125. The cause of the disaster is still unknown, but the men who were injured say that for months past it has been the talk of the ship that the boilers were defective. Capt. Young says that there were no visible defects in them so far as he knew. Rear Admiral McRoe, chief engineer of the navy, gives it as his opinion that high explosives were responsible for the catastrophe.

Prospecting For Lead.

Jake Sperer, of Lexington, and M. Goldsmith, of Chicago, who represents some large smelting works, were here last Friday and visited the farms of B. B. Marsh and C. M. Mr. Ashurst Removed.

The trial of Road Supervisor Geo. R. Ashurst was resumed in Judge Smith's Court Friday morning. County Attorney Denis Dundon, in a very able argument, closed for the court. The Magistrates then retired and rendered a verdict of guilty, and removed Mr. Ashurst as Supervisor. The Magistrates voted 6 to 2, as follows:

Guilty—Barlow, Ball, Dejanett, Hopkins, Howell and Redmon.

Not Guilty—Ingram and Anderson. We are informed Mr. Ashurst will appeal the case, and that it will next be tried before Judge R. L. Stout at the November term of Circuit Court.
